SIT DOWN, RELAX
AND HAVE A COFFEE!

The vintage RETROit is the only beanbag on the market where you can sit down holding a cup of coffee in one hand and a book in the other – and still sit comfortably!

With RETROit we have rethought the beanbag and designed it with two supporting chambers of beads, so you can sit down just like in a recliner. Unlike a conventional beanbag you will never have to shape it with your hands. You will always feel comfortable sitting in a RETROit.

Use the Cobana-series to create a cool lounge area inside or outside - you decide! Also available in kid’s size (find it at page 27).
